“This tournament is all about surviving. I think we got an advantage to play earlier in the morning when it’s not so hot. We wanted to get on and off the court as soon as possible. We’ll take the win and get ready for tomorrow.”

Paul Lockwood, Oklahoma Head Coach:

“The Big 12 conference has proven it’s one of the top tennis conferences in the nation. Baylor leads that quality this year. I’m proud of my guys and the effort they brought to today’s match but it just wasn’t enough.”

Quotes:

Tim Cass, Texas A&M head coach:

“I really like the facility and the atmosphere. It was a beautiful day for tennis. I thought our guys showed good energy today. In five Big 12 Tournaments, I don’t think any had the feel like this one. We just needed to get out and play. I’m pleased with our focus across the board. I thought we were mentally into it in doubles and it was the same for singles. It’s tough enough to win this tournament regardless of your seed. Truthfully we’ve not thought anything about it. We have a saying in the lockerroom that seeding and ranking are what others think of you, and wins and results are what you think of yourself.

Scott Davidoff, Colorado head coach:

“A&M is a very good team. We have to be at our best to come and play with them. We had good intensity in doubles and it carried over to singles, too. In every match, A&M stepped it up when they had to and closed it out. Our intensity was a lot better than it was when we played each other in Boulder two weeks ago. A&M has a good team and has proven it all year long.”

“We lost 4-3 to Oklahoma State earlier this year and played hard. This time we played much harder and I’m proud of the way we handled it. Our guys just kept battling. Royce Ramey has matured a lot. I’m proud of him. His win today is a great stepping stone. A 4-0 victory for us could have easily been a 4-3 victory for them.”

James Wadley, Oklahoma State head coach:

“The match last time was real tight. We knew at every spot it was going to be any guy’s match. We had to win in the lower part of our lineup as we’ve been real weak there lately. It was a great effort.”

Kerry McDermott, Nebraska head coach:

“We knew we had our work cut out for us. There were a few sets that could have gone either way earlier in the year for us against Texas. All year we have had a great group of guys. Coming into this match, I thought if we could get the doubles point, we could pull an upset. They reall stuck it to us at the No. 4 and No. 5 positions. They gained a lot of quick momentum. I thought maybe we could win three out of six singles if we could just get that doubles point to give us the momentum.”

Tim Siegel, Texas Tech head coach:

“I thought the wind was to our advantage. But we came out flat in the doubles. We did what we’ve done all year long and that was to play hard to the last minute. We pushed them all the way in a couple of the positions. I couldn’t be more proud of our guys.”

- The win marks the 15th straight for the Bears.

Quotes:

Texas A&M Head Coach, Tim Cass

“This was a great tennis match, but it wasn’t just a tennis match, it turned into an unbelievable sporting event. I have to give UT a lot of credit. Our home court advantage definitely helped us. I’m extremely pleased with our freshmen. I’ve said before that I think they are two of the best freshmen in the country. Lester showed unbelievable composure. You would think that the doubles point is important, but it is just one point out of seven. I know we will have the gas to show up tomorrow because our kids are excited and want to play.”

A&M Freshman, Lester Cook

“I was broken the first game and I got down early, but I regrouped and became a new player after that. Every point is so important when you are fighting with all your heart. I looked up at the crowd and everyone was cheering for me and I got chills down my spine. It was awesome. Our whole team was great. Ante coming back after cramping was awesome. We’ll ride this wave tonight, but we’ll have to focus once we get out there again.”

Texas Head Coach, Michael Center

“We kept hanging in there until the very end. It hurt us giving up the doubles point because I thought that was a point we had a chance to win. We then, gave up the number one singles position, where Jean had beaten Ryan (Newport) three times before and at the number three and four singles we had opportunities. We just didn’t convert a few plays and they came out on top. It was a great college tennis match.”

Notes:

- Lester Cook’s individual win today marks the third time he has won the clinching point for the team. The other two clinching points came against Duke and Oklahoma.
- A&M is playing in their fourth tournament final. They have won three, including the last two.

Quotes:

Matt Knoll, Baylor head coach

“It was a championship performance by both schools today. They really forced us to dig deep down. To win the four singles matches was extremely impressive. Ante Matijevic might be the best No. 4 in the country, so that win was huge for us. We changed our game plan heading in to todays match. We focused more on court 5 & 6, since they performed so well against us earlier in the year. Todays win was a really big step for our program. Hopefully we can build on this heading into the NCAA’s.”

Tim Cass, Texas A&M head coach

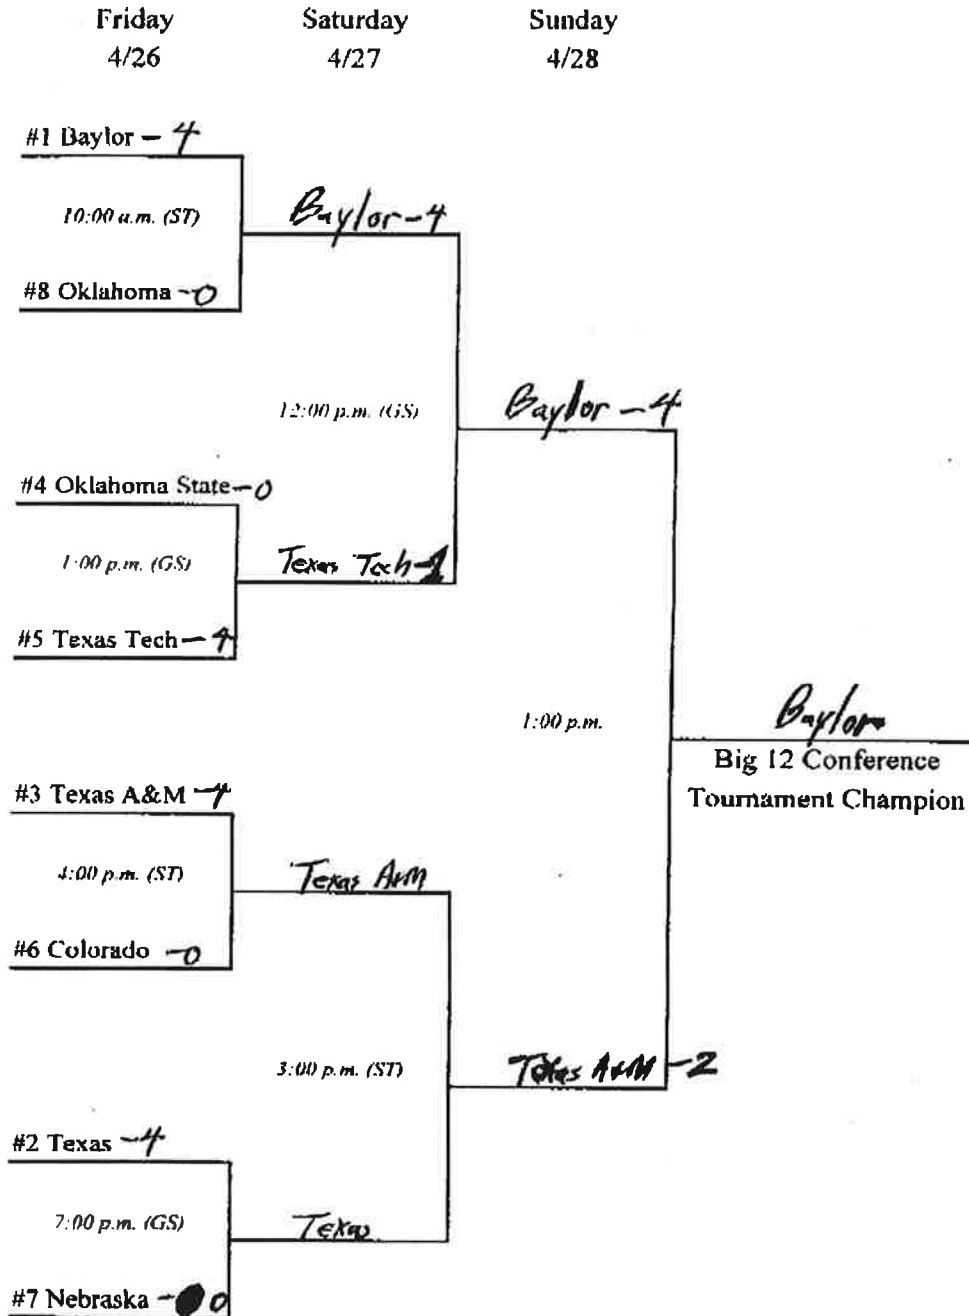

“Truthfully I am very proud of our effort. It would have been fun for it to come down to Lester Cook again. We showed a lot of heart and determination. I am proud of our young guys. We have seventeen and eighteen year old kids playing against some of the best players in the country. I was very pleased with our doubles performances. The sweep in doubles is a big confidence builder heading into the NCAA’s.”

Notes:

- This is Baylor’s first Big 12 Tournament Championship.
- The win marks Baylor’s record for most wins in a season, with 25.
- Baylor has now won 16 straight matches.

Julius Lubicz-Majewski Oklahoma State head coach: “We lost in the mid season to them so it was real personal to the girls today. We knew that we shouldn’t lose to them, but we didn’t have a full lineup. We are upset that we didn’t win doubles, but we’re still dealing with injured players. Now we just have to get ready for Baylor tomorrow.”

Blake Starkey, Missouri head coach: “We took the doubles point from Oklahoma State, but give them credit. They are a great team. They came out in singles on fire. We bounced back in the second sets at that is really something to look at. We made big-time adjustments. I’m really sad to see this year over because I have great kids. I’ve developed an attachment with this group. Our future is looking good.”

But we're really looking forward to the match. This is the kind of match you work for. It should be a good fun match."

Scott Jacobson, Nebraska head coach: "I thought we had a real good chance after winning the doubles point. We fought really hard at the No. 1 and No. 3 spots and actually, we fought hard at all the positions. We just got beat by a better team and I wish OU the best of luck."

Quotes:

Jeff Moore, Texas head coach:

“We won at No. 3 doubles strictly on grit. But it should not be that much of a struggle. No. 2 doubles was phenomenal and they are continuing to improve. Our focus for tomorrow has to be about how we are going to play. The players have to focus on their own game plans. Our emphasis late in the year has been on executing our game plan. That is the whole key.”

Julius Lubicz-Majewski, Oklahoma State head coach:

“To make it this far with the injuries that we have, I’m proud of our team. We have a lot of respect for Texas. I thought maybe we had a chance to get a momentum swing if we could get the doubles point. But they were aggressive in the end and were able to close us out of it. I feel like were our bubble team, but we’ll see what happens.”

Notes:

- Texas earned 17th consecutive Big 12 tournament victory.
- With the win, the Longhorns achieved their 13th consecutive 20 win season.

Quotes:

Kansas Head Coach, Kilmeny Waterman

“We knew we were scraping in the end. I told our team this is one of the toughest college tennis atmospheres to play in, but I thought we reacted and handled it well. To come back from a 6-1 loss last weekend and to make it this far in this environment is great. I’m proud of the girls.”

Texas A&M Head Coach, Bobby Kleinecke

“We’ve played under pressure during the whole tournament. I didn’t think we came out and played well in doubles. Kansas played well and was very aggressive. I told our team at the break that it all comes down to guts. And that’s what won it.”

Notes:

- Texas A&M is playing in the tournament final for the first time since 1997 when it lost to Texas 5-4, in a match that lasted more than five hours and was played at two different locations in Austin.

Quotes:

Jeff Moore, Texas head coach:

“Today’s match was the best we had ever played as a program in a conference tournament final based on how the entire team came out. We made our opponents play when we had to, we were patient, and we were able to close out games, sets, and matches in impressive fashion. I was more pleased with how we played than the fact that we won.”

Bobby Kleinecke, Texas A&M head coach:

“We were prepared mentally. We were definitely ready to go. It just didn’t turn out our way. Maybe yesterday’s matches took more out of us than we thought, but if you look at the full tournament, we beat some tough teams and had to fight for it. There is no quitting in our team. I really felt we could do this without the doubles point. The doubles point would have helped, but Texas never let up. We should hold our heads high. We have a lot to be proud of.

Notes:

The win marks Texas’ 15th consecutive conference tournament championship, including all six Big 12 titles. The Longhorns have won 19 straight conference matches since a 4-3 defeat by Texas A&M in Austin on April 18, 2001, and are 81-1 all time in the Big 12. They are also 18-0 in Big 12 tournament play.

Texas A&M is 0-5 on the season after dropping the doubles point. This is the second time the Aggies have made it to the championship round of the Big 12 Tournament. Their 23 wins mark the most wins for the Aggies in school history. It tops the record of 20 set in 2001 and 1996.
