Steve Denton, Texas A&M Head Coach

"I thought we played well, everyone played well today. I wasn't sure how everyone was going to respond after having a tough match with them last week, but our guys came out with a lot of fire and a lot of energy. I thought we did a good job in the doubles point, we were down to break with doubles one, and our guys picked it up there and I thought it was key to get that point. Our senior leadership stepped up on the first three courts and won the first set and kept the pressure on them the whole morning. We just didn't give them an opportunity to get in the match."

Michael Center, Texas Head Coach

"Once again, we couldn't score a point against them at the top. We played well at No. 2 doubles, and I thought we had some chances at No. 1 (doubles), but they just outplayed us. Texas A&M is a very good team. They have great senior leadership, and they are solid all the way through. For us to win against them right now, we've got to take advantage of opportunities, and we didn't do it. I give the Aggies a lot of credit. We've got a lot of work to do to get ready for the NCAA Tournament."

Match Notes:

Ninth-ranked Texas A&M advances to the Big 12 Championship finals for the second straight season and seventh time overall.
