**QUOTES**

*Baylor Head Coach Joey Scrivano*

"I felt like our team played really focused today and they were well-prepared and it showed on the court. We've been dying to have AC (Alex Clay) in the lineup. Anytime she's been in there she's shown that she's a great competitor and obviously a great tennis player. We feel really confident when she's in there."

"Kansas is a tough team and we never underestimate anybody we play. We know they have players in their lineup that are capable of beating us. I think Ema (Burgic) it was just a matter of solving the puzzle. When she was able to do that she was on track and she was looking good again. Everybody in this tournament can play, so the big thing is there's really no surprise when you struggle a little bit because everybody is capable."

*Kansas Head Coach Amy Hall-Holt*

"Well definitely a loss hurts but we kept Baylor, hopefully, on the edge for the most part. We had our girls come out and we competed at certain spots. We were taking them to the end but Baylor is a tough team mentally, physically and hands down to them for winning the match. We are a young team, only one senior. We have a lot of maturing to do and we're definitely excited about what the future holds for us come next year. We're just trying to develop some of our top freshman and continue to grow and develop as a team."

**NOTES**

- Due to forecasted inclement weather, singles were played before doubles matches.
