**QUOTES**

*Oklahoma Head Coach John Roddick*

"Doubles wasn't great, but at the same time I thought even at Court 3 we played pretty well even though we lost there. On Court 2 we can play much better than what we did. Court 1 was great. Singles was really good because they literally did everything we talked about in the match as far as starting and not giving away free points. We were really disciplined in the first sets there. If you do that, you put yourself in a really good position. The effort in singles was probably one of our best efforts we had all year in singles. I was proud of that team effort in singles."

"It's going to be a tough match. It's two good, talented teams. The doubles point will be important. I think we have a lot better idea of how to play them than we did before. They have a lot of new guys that we hadn't seen. It's going to be a good match. Hopefully the home courts will help us a little bit. I know the guys are ready to play and they're going to play hard. That's all we can ask for."

*Texas Head Coach Michael Center*

"We did some good things in doubles. I thought we were more aggressive today. Whatever momentum we had just went away so quickly in the singles. We didn't get any first sets. It was just an uphill battle at that point. They just really whipped us after that, to be honest."

**NOTES**

- Oklahoma advances to Sunday's 1 p.m. championship match versus No. 1 seed Baylor.
